Dear Dean:

On behalf of the students of Mid Career Course #101, I would like to thank you profusely for the tour of the border on 9 June. It was truly one of the highlights of our visit to the West Coast and definitely worth the trip to San Diego.

We were impressed not only with the dimension of the problem which you and your officers confront every night of the year, but with the high degree of professionalism which we witnessed during your operations. You have a very fine unit and your officers are handling themselves quite well under a great deal of stress.

Those of us who were able to spend a few hours with you benefited greatly from the experience. Please convey our thanks (and admiration) to those officers who were directly involved in our visit.
